

## Boots-Universal-Reiniger (Universal Boat Cleaner)

### DESCRIPTION

Universal Boat Cleaner has been specially developed for the gentle cleaning, care and protection of boats. The product's special properties guarantee removal of most common contaminants from boats such as algae, oil and grease residues, soot, bird droppings and insect remains from the sails, decks and hull.

Antistatic components reduce the electrostatic attraction of pigmented dirt particles to plastic surfaces, thus reducing their adhesion and easing their removal.

Biodegradable according to the Detergent and Cleaning Agent Law (Germany).

### PROPERTIES

- dirt repellent due to antistatic properties
- very good cleaning effect
- does not attack plastics, painted wood, rubber, paint, textiles or metals
- biodegradable
- simple to use
- wide range of applications

### TECHNICAL DATA

Basis	: surfactants; water and solvents
Colour	: green
Density at 20 °C	: 1.01 g/cm <sup>3</sup>
pH-value	: approx. 11.7
Solubility	: soluble in water
Flash point	: n.a.
Form	: low viscosity

### APPLICATION

Used especially for general cleaning and the removal of dirt and contaminants on boats.

### INSTRUCTIONS

Spray Universal Boat Cleaner thinly and uniformly onto the surfaces to be cleaned and, using light pressure, rub the surface with a sponge or brush. Use clean water to wash off dissolved dirt and remaining Universal Boat Cleaner.

If used properly, the product will not attack plastics such as glass-fibre reinforced plastic, painted wood, rubber, paint, textiles, glass or metals.

### AVAILABLE PACK SIZE

Universal Boat Cleaner 1 l Part no. 3313
